

Our new Scene Lights are now available for ordering! Featuring high-intensity white illumination with expanded options and functionality, our M9 and 900 EZ Scene Lights are designed to provide a powerful scene lighting solution for every situation.

### NEW! M9 EZ Scene Lights

Our best-in-class M Series™ lightheads just got better. The new M9 EZ's expanded zone efficiency and situation-specific settings put you in control, so you can shine the light where and how you need it the most! Select from multiple turn-on styles ranging from slow (800 milliseconds) to instant (0 mS), and three low-power settings (25%, 50%, and 75%) for more efficient lighting output and performance. M Series lightheads feature a unique lens shape and patented Linear-LED® reflector assembly for unmatched high-intensity illumination with low current consumption. They also have hard-coated lenses to minimize environmental damage from sand, sun, salt, and road chemicals. M9 EZs install quickly and easily, with an identical mounting footprint to the original M9 model. M9 EZ Scene Lights also include a Lifetime Warranty.
